Under the column 'Ord tp' the order type is defined; here below a small recap of the most common ones:

- DSO: discharge
- FOT: full-out from the terminal
- MTI: empty-in into terminal
- BKG: empty-out from terminal / full-in into terminal
- LDO: load
- FUM: fumigation
- ISP: custom inspection

Under the column 'Ctr load stat' you can retrieve container load status: E=empty / F=full.

By clicking the *info button* you can check extra data related to the corresponding container handling (ie. seal number or port of loading).
